2 December, 2021

Introduction of Chem-E-tium, fest of IChE USCT

We are pleased to announce that IChE, USCT Student Chapter is organizing their fest **Chem-E-tium** in the month of December from 6 December, 2021 to 10 December, 2021. The chief guest of the opening ceremony will be Mr. Samir Biswas and for validatory ceremony will be Dr. Vishal Choudhary. The fest will include a series of webinars conducted by a panel of two esteemed lecturers and various competitions matching the scheme of chemical and biochemical engineering, the itinerary for the same has been listed below:

9072/USCTM
06/12/2021

Event number	Event	Dated
W1	Webinar by Mr. Samir Biswas on " <u>How can Chemical and Biochemical Engineers keep up with the future trends</u> "	6 December, 2021
C1	Chemboard	6 December, 2021
C2	Debate competition	7 December, 2021
C3	Huntscape	8 December, 2021
C4	Mattermind	9 December, 2021
C5	Chemo-Periodigy	9 December, 2021
W3	Webinar by Mr. Vishal Choudhary on " <u>Sustainable development and green chemistry in chemicals sector</u> "	10 December, 2021

To register for any of the above events, access the following link: <https://sites.google.com/view/chem-e-tium/home>. The opening ceremony will be held prior to the webinar on 6 Dec 2021 and validatory ceremony will be held in the evening of 10 Dec, 2021. All the faculty members and students of USCT are invited for the ceremonies as well as the webinars by our speakers.
