Design & Development of MOOCs and E-Learning Technologies

(For Teacher Educators)

10th May -16th May 2020

About the Organisation

Guru Gobind Singh Indraprastha University (GGSIPU) is a teaching and affiliating University with the explicit objective of facilitating and promoting studies, research and extension work in emerging areas of higher education with focus on professional education and also to achieve excellence in all the fields. "Guru Gobind Singh Indraprastha University shall strive hard to provide a market oriented professional education to the student community of India in general and of Delhi in particular, with a view to serving the cause of higher education as well as to meet the needs of the Indian industries by promoting establishment of colleges and Schools of Studies as Centres of Excellence in emerging areas of education with focus on professional education in disciplines of engineering, technology, medicine, education, pharmacy, nursing, law, etc."

About University School of Education

The University School of Education aims to facilitate studies in all emerging areas of Education to prepare teacher educators who are well versed with the skills and competencies of effective and efficient teaching skills and research. The school shall foster a climate of lifelong learning and empower individuals to be torch bearers of social change by transforming the very face of Teacher Education. The school fosters the growth of the individual and the collective through constructing knowledge collaboratively and creating an open environment which nurtures the spirit of progressive Teacher Education. The school aims to empower Teacher-Educators with knowledge and skills of the 21st century, nurture passion for research and teaching and imbibe the spirit of social inquiry to ensue harmony and prosperity.

About Faculty Development Programme

The aim of this FDP on "Design & Development of MOOCs and E-Learning Technologies" is to create the awareness about MOOCs and various e-learning technologies and train them to design, develop and deliver such courses in their respective domains. Education

and learning technology has obtained great importance over the last few years. At present, the umbrella of educational technology incorporates varieties of engaging online environments and fields. E-learning technologies and MOOCs are the most relevant emerging topics. This programme will also discuss the issues related to the introduction of online courses through SWAYAM as part of the curriculum in University and Colleges.

Broad Themes of the Programme

- Digital Initiatives of Government of India in Higher Education
- Open Educational Resources [OER] and MOOCs
- Technology and Pedagogy supporting MOOCs
- Adoption of e-Resources for innovative Teaching & Learning practices
- Learning & Teaching through Moodle MOOC
- Creative Commons Licenses
- Online Course Instructional Design & Best Practices
- Video Recording and Screen Capturing Tools
- Redefining the Role of Teachers in 21st Century Classroom
