Sub. Infosys Certification program for 2023 batch - Registrations open for InfyTQ certification

Dear Placement Officer,

We are pleased **to announce the launch of the Infosys Certification program for 2023 batch and** the registrations for InfyTQ certifications open now. Below are the details of the same for your reference and circulation to students to apply.

Infosys Certification is a technology accreditation that endorses the industry-readiness of students so that they can build a career of their choice. The examination process for Infosys Certification will test students for their knowledge in programming and databases. Students who clear the examination will become an 'Infosys Certified Software Programmer' and receive an interview opportunity for **Systems Engineer** role at Infosys.

Here is an **overview of the Infosys Certification program** for students graduating in 2023:

Registration: Nov 29, 2021

Students first create an account on InfyTQ to register for Infosys Certification.

Certification Round

Registered students book a test slot on InfyTQ and choose their preferred language (Java/Python) for the Certification Round examination.

Student who will score 65% and above will get an interview opportunity for Systems Engineer role. On clearing the interview, students will also become 'Infosys Certified Software Programmer'.

Advantage Round

Optional round for students who clear the Certification Round. On clearing the Advantage Round, students will get a Pre-placement Interview for Specialist Programmer and Digital Specialist Engineer roles.

Students may visit the Infosys Certification page and its FAQs on InfyTQ for more details.

Registrations for Infosys Certification are open from Monday**, November 29, 2021, at InfyTQ** for B.Tech, M.Tech and MCA students graduating in 2023.

Important points to note:

- All the rounds of Infosys Certification examination will be web-proctored online tests
- Slots for the Certification Round will be available on a first-come, first-serve basis
- It is advised to complete the recommended learning journey for Infosys Certification before taking the examination
- Advantage Round is an optional round for students who clear the Certification Round to secure a pre-placement interview (PPI) opportunity for the Specialist Programmer and Digital Specialist Engineer roles
- Certified students who opt to appear in the Advantage Round and do not clear it will continue to have the interview opportunity for the Systems Engineer role

Kindly encourage the students to register at the earliest. We look forward to seeing great participation from your students and lots of them earning a job opportunity from Infosys.

(Ms. Nisha Singh)

Placement Officer, CCGPC
