NEW DELHI, INDIA

E-FACULTY DEVELOPMENT PROGRAMME
on
“BEYOND THE BOUNDARIES: RE-INVENTING HIGHER
EDUCATION PARADIGM”
8-12 March, 2021

“Education is the most powerful weapon which you can use to change the world”
- Nelson Mandela

ABOUT THE ORGANIZERS

Guru Gobind Singh Indraprastha University, Delhi (India) is a State University set up by the Government of NCT Delhi, for facilitating and promoting professional education and research in the emerging areas of higher education. The University has been accredited as “A” Grade by NAAC (UGC), India.

University School of Management Studies (USMS) is an on-campus B-school of Guru Gobind Singh Indraprastha University. Carrying a legacy of 21 years of excellence, its mission is to develop managers with the capability to understand and analyse the dynamic business environment for effective decision-making while maintaining higher domains of professionalism. The foundation of USMS is based on the values of Innovation, Excellence, Integrity and Transparency. The School is ranked 57th by NIRF (2020) under the Ministry of Human Resource Development, Government of India and 20th by the Outlook India Magazine (2020). The flagship program of the School is Masters in Business Administration (MBA). In response to the demands of the business environment, program of MBA (Financial Analysis) was launched in the academic year 2019. The School has also been successfully delivering the programs of MBA (Weekend) for working professionals and has in the year 2021 launched three new programmes viz. Post Graduate Diploma in Health Care Management, Post Graduate Diploma in Entrepreneurship and Start-up, and Post Graduate Diploma in Data Analytics.

ABOUT THE E-FACULTY DEVELOPMENT PROGRAMME

Higher education is now located in a shifting architecture of global higher education shaped partly by the requirements of globalization and the knowledge economy. This paradigm shift should be supported by the increased focus on developing global linkages and collaborations. The program will facilitate the participants in understanding the strategies for managing the Higher Education- Research Institution-Industry symbiosis with global perspective. The FDP will help the faculty in understanding the significance of academic links and international collaborations for strengthening education, training and research exchanges. In tune with the New Education Policy 2020, the FDP is aimed at providing knowledge and learnings in the dynamic academic world.

MAIN OBJECTIVES OF E-FDP:

- To provide an insight into emerging global trends, opportunities and challenges in higher education.
- To improve faculty’s ability in carrying out teaching, research and consultancy in their field of study through international linkages, fellowship opportunities, Industry interface and global collaborations.
- To prepare teachers for a technology-rich future by adopting effective strategies that infuses teaching-learning with appropriate technologies.

TOPICS TO BE COVERED:

- International Integration in Higher Education
- New Education Policy: The Road ahead
- Higher education 4.0
- Impelling research productivity and impact through global collaboration
- Nurturing National Innovation System through Global Interlinkages

- Social Media in Higher Education
- Technology Enabled Teaching and Learning tools
- Technology and Innovation: Interdisciplinary Approach in Higher Education
- Leading through COVID-19 Pandemic: How Educational Institutions should respond?
- Focus on Holistic Education- Integration of Spirituality, Education and Society
- Faculty and Student Exchange Program: A Reflection
- International Research Fellowship Opportunities
