Teach For India Fellow - Job Description

Teach For India Fellowship is an opportunity for India's brightest and most promising youth from the nation's best universities and workplaces to serve as **full-time teachers to children from low-income communities** in some of the nation's most under-resourced schools.

Through this experience of teaching in classrooms and working with key education stakeholders like Students, Parents, Communities, and School Authorities, **Fellows get exposed to the grassroots reality of India's education system** and begin to cultivate the knowledge, skills, and mindsets necessary to attain positions of leadership in education and identify their role in building a wider movement for educational equity in the country. Fellows receive **rigorous training** that sets them up for success in their classrooms. Through the Fellowship, they are able to transform themselves towards leadership in educational equity.

The two-year commitment is necessary to make the impact Teach For India wishes to have on student achievement. In the 1st year, Fellows will enhance their teaching skills and establish respect and trust among various stakeholders within the School Community and the Students. This will allow Fellows to achieve significant academic gains for Students and to implement their Community/School project in the second year.

To learn more about our vision and our work, you can watch our [video](#) explaining the potential of a strong movement.
