About Sagacious IP:

We work with global firms in domains like Biotech, Pharma, Mechanical, Electronics, and Telecom to consult them on their technical research relating to Intellectual Property, primarily, Patents. Our clients are generally inventors & researchers from R&D teams ranging from Fortune 500 companies to start-ups. We also work with patent/IP lawyers from various international law firms and legal departments of various companies.

The company has its head office in Gurugram, Haryana, India, and we are currently hiring for our Gurugram office. We are looking to establish a relationship with your institute, by hirings students who can join us in Jan 2024. Our current employees are technically skilled in nature and hail from colleges like IITs, BITS, NITs, etc. This will also provide a good learning environment for the candidates as they work with their peers. We work majorly with inventors, researchers & IP/patent layers, and therefore, we expect our employees to demonstrate that same passion for Engineering & latest developments in various technologies.
