About Nirvana

Nirvana Solutions is a financial technology & services provider that delivers integrated and modular front, middle and back-office solutions to a wide array of financial firms, including hedge funds, private equity firms, asset managers, prime brokers, and fund administrators. Nirvana's ability to electronically ingest data from the inception of a portfolio and seamlessly integrate its day-to-day workflow from front to back office, makes it stand out from the crowd. The complexity of the application poses interesting challenges and facilitates multitude of learning opportunities to the one who wants to dive in. At Nirvana, we strive to build a close-knit competitive team environment. We believe in team players. A successful team gives better results than an accomplished individual. For further information about us, please visit our website www.nirvanasolutions.com. Nirvana solutions headquarter is in the financial capital of the world - Manhattan, NY, USA. Our offshore development Centre is in Gurugram and is a wholly owned subsidiary of the U.S Entity. The offshore development and client service Centre is a critical piece to the company's overall success and will continue to play an increasingly important role in the future.

We are hiring for Intern- Business Analyst

Job Description Summary:

We are seeking a highly motivated and analytical Business Analyst to join our dynamic team. The ideal candidate will have a strong educational background from top-tier institutions, coupled with a blend of technical and financial expertise. A specialization in data science, statistics, and mathematics is essential for success in this role. Proficiency in tools like Power BI is highly desirable, as the role involves extensive data analysis and visualization.

Employment Type: Permanent
