CCGPC, GGSIP University

Rackspace Technology, a leader in Public Cloud Infrastructure Professional and Managed Services worldwide. We believe that this internship will provide students with **hands-on experience** on real-world projects, mentorship from industry experts, and an opportunity to hone their skills in a dynamic work environment.

#### Why Collaborate with Us:

- **Innovative Projects:** Exposure to cutting-edge projects and technologies.
- **Professional Growth:** Interns will work closely with seasoned professionals, gaining invaluable industry insights.
- **Career Pathways:** Exceptional performers may be considered for full-time opportunities after the internship.

#### Job Title: Intern-Software Engineer

**Location:** Gurgaon

**Duration:** 6 Months

**Department:** Integrated Technology Solutions (ITS)

#### About the Role

We are looking for a passionate and driven **Software Engineer Intern** to join our Shared Applications development team. This is an excellent opportunity to work in a collaborative, fast-paced environment, gaining hands-on experience in building innovative software solutions.

#### Key Responsibilities

Assist in the design, development, and testing of software applications.

Write clean, efficient, and maintainable code that adheres to best practices.

Collaborate with senior developers on various projects and provide input during design and code reviews.

Participate in brainstorming sessions, contributing new ideas and solutions.

Learn and apply Object-Oriented Programming (OOP) concepts in real-world scenarios.

Troubleshoot and debug issues as they arise, working with the team to resolve them.

Stay up-to-date with new technologies and development practices.

#### Qualifications

Final year students of B.E. / B. Tech (Computer Science)

**Strong programming skills** in one or more languages (e.g., Java, Python, C++).

Solid understanding of **Object-Oriented Programming (OOP)** principles and patterns.

Familiarity with front end technologies and database systems.

Familiarity with software development tools (version control systems, IDEs).

Eagerness to learn, adapt, and work on new challenges.

A **proactive and positive attitude** toward learning and problem-solving.

Strong communication skills and ability to collaborate effectively in a team.

Passion for technology and software development.

#### Why Join Us?

Hands-on experience with real-world projects and cutting-edge technology.

Mentorship and learning opportunities from experienced software engineers.

A collaborative and innovative work environment.

Potential for future full-time employment opportunities.
