

NOTICE

Nature club,Srijan

8th october,2012

All the members of the Nature club are invited to share ideas for new constructive and participating activities pertaining to nature. It is therefore, which will have active involvement of all the club members. The primary aim of our club is to spread awareness about the flora and fauna around us, especially to our members who are keen but not aware of it.

The members will have full opportunity to come forward and make the club's philosophy a reality.

You can share your ideas either by contacting our respective office bearers or by sending an email to natureclub.srijan@gmail.com. If your suggestions are pragmatic then our office bearers will replete you with all the necessary resources required to implement the idea.
